## From the Chamber of the Club President

Dear Members,

Greetings to you and your families on the occasion of Christmas and New Year. May the coming year 2020 bring lots of fun and laughter in your lives.

After taking over on 1st of July, the Managing Committee started in true earnest spirit and we have tried to accomplish as much as possible. Due to the keen interest and untiring efforts put in by Finance Convenor, Mr. Sanjeev Bhasin, the Annual Returns with the MCA were filed timely and the proceedings under the EPF & MP Act, 1952 which were pending since 2014, have been settled in the Club's favour. Payment of statutory dues has been streamlined and now there is no delay in compliances. All efforts have been made to rectify the issues pointed out by the Statutory Auditors in the past and necessary steps have been taken to ensure that this year there is no repetition of the same. Internal auditors have been appointed and they are submitting their quarterly reports.

Mr. Raman Narula, Convenor House & Building has been on his toes to ensure that proper and timely maintenance is provided wherever needed. The Main Dance Hall has been repainted and is giving a much neater look. The front boundary wall and planters have been painted, leakages in the Badminton Hall and Kitchen have been repaired. The bathrooms of some residential rooms that needed immediate attention has been taken care of. There is a proposal for painting of the entire Club building, both interiors and exteriors, including tin roofing of the Club buildings. Replacement of Card Room chairs where necessary, providing face lifting to the Club Library, North Point and the main Reception area is also to be done in the coming months.

Convenor Bar Mr. Krishan Kumar Verma has ensured that regular brands of drinks are available in the Club and has negotiated with the various companies to provide subsidised drinks to Members on regular basis. Further he has kept a keen eye to see that non moving brands are not stocked in the Club. The liquor prices of our Club are the lowest as compared to other Bars of the city.

Vice-President and Convenor Sports Mr. Suneet Mehra has been looking after the sports fraternity of the Club and has proposals for further enhancing the facility of Gym and Lawn Tennis.

Convenor Messing, Mr. Ajay Shangari has been busy in adding variety in the food menu for Members. He has also taken personal interest in overseeing the maintenance of hygiene in the Club Kitchens. The Club now has three caterers serving a variety of Indian, Mughlai and Chinese food and snacks to Members and their families. It has also been decided to have live music on every Friday and Saturday evening in the Garden View Restaurant for the entertainment of Members and their families.

The Entertainment Sub-committee has successfully organised enthralling programs in the last four months, which can be judged by the unprecedented gathering in the Club functions.

Winter uniforms have been issued to the Club staff and hence forth they will be smartly dressed.

Mr. Amarjeet Singh Kochar (Dodu) was entrusted with the task of looking after the Club garden and he has accomplished the task with perfection. The Club Gardens are now looking much neater and the plants are also placed systematically. The winter flowers are blooming and fresh saplings have been planted. In the coming spring season, Members shall have a real treat viewing and admiring the beautiful and colourful flowers in the Club lawns.

The Club Management has called an EGM on 21st December 2019, for which Notice has already been sent to all Members through post and email. A Notification has also been posted on the Club's website [www.dehradunclub.com](http://www.dehradunclub.com) for the same. Necessary amendments of the Club Constitution are being proposed and budget for further improvement of the Club facilities is also being presented. I request the distinguished Club Members to whole heartedly support all the proposals which are in the best interest of our Club.

I, on behalf of the Managing Committee assure you that the Committee will perform with greater zeal in the coming months. I solicit your unflinching support for all our endeavours.

Thanking you all once again.

Warm regards
